

USB extender, 30 m

UAE-30M

GET MORE FROM YOUR PC

- Extend the range of your USB products
- Uses LAN cables for the extension
- Easy installation
- If you want to extend a USB cable over more than 2 meters, it is better to use an active extension cable, because an active extension cable boosts the signal and therefore minimizes signal loss. This extension set uses LAN cables to extend your USB cable. This way it is possible to extend your USB cable up to 30 meters.

Features

- Allows extending USB cables up to 30 m
- Works with CAT6 or CAT5E LAN cables
- No software or drivers required
- No extra power supply required
