

# USB to HDMI display adapter, black

## A-USB3-HDMI-02

- Yes, you want to be able to connect extra monitors to your PC and yes, you want to easily connect your laptop to your TV.... But No, you don't want to invest in an expensive all singing all dancing new graphics card. This USB to HDMI adapter cable turns an ordinary USB 3.0 port into an HDMI connector. This allows you to easily connect your computer to a TV or other display.
- Easily connect your computer to every HDMI display
- Add extra display to your PC

### Features

- USB 3.0 to HDMI video adapter cable
- Supports resolutions up to 1920 x 1080 @ 60 Hz
- Allows to easily mirror or extend your computer's display workspace
- USB powered, no external power source needed
- Built-in drivers for quick and easy installation
